Packaging/Shipping of Samples

- Complete submission form and Sample Submission log on back.
- Place clean samples in biohazard ziplock bag or plastic bag.
- Place ice packs on ALL ear notch and blood samples. Milk with preservation tablet does NOT require ice while in transit.
- Wrap samples and ice pack (if applicable) in bubble wrap, or insulated pouch. Secure well to avoid broken vials.
- Construct box, size dependent on amount of samples being shipped.
- Put wrapped samples in box. Do not over fill.
- Include submission form in box.
- Seal box.
- Put box in outgoing mail with the United States Postal Service.

****To assure quality samples arrive at the lab only send samples on Monday or Tuesday.****

Ship to:
 Animal Profiling International, Inc.
 6040 North Cutter Circle, Ste. 317
 Portland, OR 97217
