FOR IMMEDIATE RELEASE

Rohrbaugh Joins ANIMART as Territory Manager

Beaver Dam, WI – ANIMART, LLC is pleased to announce the recent addition of Kelley Rohrbaugh to their Northeast Sales team, located in Manchester, Pennsylvania. The dairy and livestock division of ANIMART provides animal health products, supplies and solutions to producers. As a Territory Manager, Rohrbaugh will work to build and maintain customer relationships in central and southwestern Pennsylvania.

Rohrbaugh grew up on her family's Bedford County, Pennsylvania dairy farm and from a very young age, she knew agriculture and dairy were her passion. She was very active in both 4-H and FFA, showing not only cows, but also steers, lambs, pigs and goats. She later went on to graduate from Penn State with a Bachelor's Degree, where she majored in Animal Science and minored in Agribusiness Management. During college, her experience was further augmented by internships with Zoetis, where she focused on dairy sales, and with Pennwood, where, via the Center for Dairy Excellence, she was able to gain knowledge in herd management.

In 2015, she and her husband, Scott, moved to his family farm in Somerset and have since purchased the operation. They enjoy the lifestyle provided by caring for their fifteen show cattle and small flock of sheep, along with farming 800 acres.

Beyond Products.

“As we continue working to expand the availability of ANIMART’s products and services to producers in the Northeast, having someone with Kelley’s dedication to agriculture, diverse education and experience on board is a win for us and for producers,” said Dan Ellsworth, President and CEO of ANIMART.

Kelley is thrilled to have an opportunity to help producers in Pennsylvania and believes the combination of her passion for the industry, ANIMART’s wide array of products and her friendly smile will be a welcome addition on-farm. “I believe in the future of agriculture,” said Rohrbaugh, “As a young ag enthusiast, I couldn’t be more excited to share my knowledge and experience with producers in order to help their farms be successful.”

Established in 1982 and headquartered in Beaver Dam, Wis., ANIMART, LLC is a provider of animal health products, supplies and services for dairy and livestock producers worldwide. ANIMART is committed to offering a full-line of products supported by outstanding service. More information about the company and its products can be accessed at www.animart.com.
