ANIMART is proud to announce your new Hoof Specialist

Brad Ingram has been a member of the ANIMART team since 2011. Before taking the role of Hoof Specialist, he spent two years selling hoof trimming supplies to dealers. During that time he gained knowledge of the industry and saw first hand what it takes for a hoof trimmer to be successful.

A Note For Trimmers From Brad

ANIMART is here to offer the most innovative products on the market to help you succeed.

I want to make your job easier by working hard at mine. Thank you for your continued support and I look forward to working with you.

NEW!! Replacement Inserts RC
- Optimized carbide grade for improved life
- Cutting edge allows for fine trimming and aggressive cutting
- SAVE $$$$
  - Round - #8435BG
  - Flat - #8433BG
NEW Featured Products

Grinder Knuckle Guard
- Easy installation
- Protects knuckle from hoof chips
- Small and lightweight design
- All the bolts and lock are included

Grinder Handle Bracket
- Turns handle from 90° to 65°
- Ergonomic handle bracket
- Less muscle fatigue
- Keeps hand far from the grinder

Barrier II
- Kills up to 99% of surface germs that may cause an infection
- Contains lidocaine to alleviate pain
- Dries in approx. 90 seconds
- Forms a visible, durable coating
- Labeled for all animals
- Showed reduced bleeding and faster healing

Walkease Wedge
- Elevating the heel more than the toe transfers the weight forward, relieving load on the more sensitive heel area for quicker hoof recovery
- Made from soothing, flexible EVA material.
- Block to stay on for 7-21 days, which is generally long enough for the treated claw to heal

QuickHit Gel
- Use as a direct topical spray or drench to aid in the treatment and control of Hairy Warts and Foot Rot
- Mix with water, or, in severe cases, apply concentrated gel directly to problem area
- Available in 32 ounce

Hoof-Tec Footbath Products
Reduce copper sulfate in your footbath. Hoof-Tec™ footbath products are scientifically engineered for a more efficient, environmentally friendly footbath — you can use up to 40%* less copper sulfate.

Hoof-Tec™ 1000 Concentrate:
- Safely lowers the pH of footbath water to ionize the copper
- More ionized copper allows for more available copper in the footbath
- Works with your current footbath procedure
- A 1,200 cow dairy uses on average 20,800 lbs. of copper sulfate per year vs. 12,480 lbs. while using Hoof-Tec™ 1000

5 Gallon - #87219116401
15 Gallon - #87219116425
55 Gallon - #87219116449
