Beaver Dam, WI – ANIMART, LLC is pleased to announce the recent addition of Amanda Weister to their Northeast Sales team, located in Manchester, Pennsylvania. The dairy and livestock division of ANIMART provides animal health products, supplies and solutions to producers. As a member of the Inside Sales Team, Weister will work with producers and Territory Managers, to build and maintain customer relationships.

Weister has never known a life that didn't include agriculture. Growing up as an active participant in 4-H as well as showing and judging horses laid the groundwork for an agriculturally based higher education. She attended Penn State, where she earned a Bachelor's Degree in Animal Bioscience. While in college, she participated in the Block and Bridle Club and got her start working as a veterinary assistant. After 8 years in the vet assistant role, she then transitioned to veterinary pharmaceutical sales before joining ANIMART.

She's been able to gain on-farm experience at her boyfriend's family farm, where they have both dairy and beef cows. After nine years of experience there, she looks forward to working in a dairy focused role.

"As we continue broadening ANIMART's availability of products and services, we're fortunate for the opportunity to bring people like Amanda on board. Her diverse agricultural experience and passion for
