

Stockmen's Supply - A Division of ANIMART, LLC, Announces New Location, New Building Construction

Mandan, ND, March 20, 2017 – Stockmen's Supply – A Division of ANIMART, LLC proudly announces the relocation of its Mandan retail store to 1440 Action Drive SE. The newly constructed facility will officially open for business on Monday, March 27, 2017 and will offer over four times the square footage of the current location.

Stockmen's Supply has been a source of quality animal health products for over sixty years, and has been operating from its 40th Avenue location by the stockyards in Mandan since 1998. Stockmen's Supply Mandan—with another location in West Fargo, ND and ecommerce site stockmens.com—specializes in bovine animal health and veterinary products. Additionally, through the years, Stockmen's Supply has expanded its product offerings beyond animal health to include animal feeds, livestock equipment, tack & saddlery, show supplies, pet products, as well as western apparel and home goods.

The recent acquisition of Stockmen's Supply by ANIMART, LLC (headquartered in Beaver Dam, WI) in July of 2016 has allowed for the business to offer customers expanded resources, including: veterinary support, herd management techniques, and extended product support for cattle producers as well as for dealers and veterinarian customers.

"It's exciting to expand our western location," said Rob Jameson, Senior Director of Business Operations, "and to broaden our product offering and range of services for our valued customers."

Guy Halvorson, Stockmen's Mandan Manager since 2008, also expressed enthusiasm about the new launch stating, "The move will allow us to carry more product and more inventory in order to fully serve the livestock producers of The Dakotas."

The new multi-level Mandan retail facility will boast 28,500 square feet of retail and warehouse space; an outlet of the Missouri Valley Veterinary Clinic will provide small animal veterinary services in-store. The new Stockmen's Supply Mandan retail location will be open Monday through Friday 8 a.m. to 6 p.m. and Saturdays 8 a.m. to noon.
